

WHO WE ARE

Formed in 2012, Essential Living is a property developer with a difference. We don't sell any of the homes we've lovingly built, we rent them.

We are committed to creating positive, vibrant developments that set the standard for the private rental sector and integrate our core values of responsibility, inclusivity and commitment.

As one of the UK's first lifestyle rental brands with a strong pipeline of 1,800 + homes in the South East, due for completion by 2021; we're aiming to transform the Built-to-Rent sector, inspire residents, create sustainable communities and revolutionize service in renting.

Welcome to the Future of Renting

OUR VISION

We're ambitious. We want the experience of renting with us to become widely recognised as the benchmark for customers to expect from their landlord.

OUR OFFERING

We offer a custom experience, tailored for customers, from start to finish. Our homes are designed and built from the ground-up specifically with renters needs in mind by our talented development team. Their brief: create vibrant developments that prioritise quality and harness a sense of community.
