**RE: 100 Avenue Road Construction Management Plan Pro Forma: Version 10 - 04 January 2019**

Dear Sir / Madam

Further to your submission of the above document on 04 January 2019, to replace Version 9 (dated 22 October 2018) discharged by the Council on 22 November 2018, I attach a revised Discharge Notice confirming Version 10 (04 January 2019) as now being the active CMP for the purpose of clause 3.5.4 of the S106 agreement signed on 24 August 2015 for planning application 2014/1617/P.

Please observe the terms stipulated in the attach discharge notice, and ensure the revised CMP is made available(i.e on your website) and communicated to local residents.

Regards

Planning Obligations  
London Borough of Camden

**This notice is in respect of the following covenant under the S106 agreement dated 24 August 2015 for planning application 2014/1617/P.**

<u>Clause</u>	<u>Covenant</u>
3.5.1	On or prior to the Implementation Date to submit to the Council for approval a draft Construction Management Plan
3.5.2	Not to Implement or permit Implementation of the Development until such time as the Council has approved the Construction Management Plan as demonstrated by written notice to that effect.
3.5.4	o ensure that throughout the Construction Phase the Development shall not be carried out otherwise than in strict accordance with the requirements of the approved Construction Management Plan and not to permit the carrying out of any works comprised in demolition or building out the Development at any time when the requirements of the Construction Management Plan are not being complied with and in the event of non compliance with this sub clause the Owner shall forthwith take any steps required to remedy such non compliance.

Further to our notice of 22 November 2018 approving the Construction Management Plan (Version 9 22nd October 2018) we now write to approve the amended submission (Version 10 4th January 2019 ).

The CMP remains a living document and will need to respond to any issues that may emerge during the course of construction, such as cumulative impacts of other development sites. The construction will also need to adhere to the Council's technical standards, as well as relevant environmental health legislation. The developer must monitor and manage noise, vibration and pollution throughout the construction. Further consultation and review of the construction progress will take place through the Construction Steering Group.

As agreed in the signed declaration on page 56 of the approved CMP (signed on 07 January 2019) should the Council deem it necessary for the CMP to be reviewed, a revised CMP must be submitted to the Council. Any such submission will be subject to clause 3.5.3 of the agreement, and must be approved in writing by the Council
